

Maybe we should turn this in to a gardening column. A couple of issues back we ran a story on a 6-foot 6 inch snapdragon. Immediately we learned that another reader had grown an eight foot 6 inch snapdragon. Now we learn from Mrs. T. W. O'Connell of East Miramonte that she has a 2 pound lemon from her own tree.

We aren't saying a thing publicly about it, but in the office we are doing a little quiet betting that it is the biggest lemon in town.

And we personally know a couple of good-sized ones hereabouts.

Mayor Steinberger is sick with the flu. Reportedly on the mend, he is now suffering greatly from curiosity—about jury trials, for instance. So are we all, Mayor, so are we all.

Add to V.F.W. story: Joe Gripi was elected Adjutant. All officers will be installed at the next regular meeting to be held next Wednesday at City Hall Dugout.

Reactions to Thursday's earthquake were mixed. Very.

Mrs. Lloyd Welch was discovered leaning on her own front door with a slight tremble in her knees. She likes everything wavy but the earth.

Teen-agers awaiting the school bus on Kersting Court corner were enthusiastic.

"Thought the buildings were coming down," they observed.

Marie Schiltz disclosed that she had been home moving some furniture. When the whole place rocked she figured she didn't know her own strength.

Attorney John L. Fitzgerald thought he was fainting as he attempted to walk in one direction and the ground insisted upon going another.

Best of all, we think, was S. Ward, NEWS publisher, who rushed out to scold her Great Dane for leaning against the house.

And then there was the small id. belonging to the editor, asked, "What made the red and wiggle?" She was red to Cal-Tech.

Those aren't five o'clock shadows on the male chins about town—those are the May 31 beads that all good Lions are sprouting for Pioneer-Homecoming Days.

In the rush of deadline at the NEWS there came a loud query from the back room, "Has anybody heard from the Green Frog?" From the front room came a loud croak.

City fathers, mothers and all close kin surged in and out of the courtroom Monday during the Davis trial.

At the noon recess the Judge cautioned the jurors against any discussion of the case—consequently the whole town buttoned its lip and silence reigned on Kersting Court.

But such a rustle after!

Abbie Boedecker, who was to have trod the boards as Lady Dorothy in the School opera tomorrow night, has been called off stage by a persistent throat ailment.

Judge Noren Eaton planned out Tuesday night on a ten day business trip to Ft. Myers, Florida.

Since that area is considered enemy territory—and the Judge is president of the Chamber of Commerce—would he be bent on espionage?

Needn't mention the recent heat wave, your Honor.

Nuetzel New Commander VFW Group

Councilman Henry B. Nuetzel was elected Commander of the V.F.W. for the forthcoming year at the regular meeting last week.

Senior Vice Commander is Louis Van Iersel; Quartermaster, Marston Blood and Chaplain, Marion Gotcher.

The veterans group has planned a concerted effort to clean up the Sierra Madre Cemetery in preparation for Memorial Day services. They also have pledged their help in activities during the Pioneer-Homecoming Days sponsored by the Lions Club.

ANGELES CREST SCENE OF ACCIDENT

A spectacular accident on Angeles Crest Highway Sunday evening sent two young Pasadenaans to hospitals with serious injuries.

Chicken Case Ends With "Not Guilty" Verdict of Jury

A "blue ribbon" jury of twelve prominent Sierra Madre men Monday found Miss Minnie Davis of 150 Grand View not guilty of charges of violation of a city ordinance in permitting chickens to run at large.

Convening in Judge Noren Eaton's City Court, it was the first jury trial to be scheduled in Sierra Madre for several years.

Miss Davis, who has been a local resident for 43 years, was defended by Kenneth Kearney, 196 North Sunnyside, against the charges that she had unlawfully "permitted" chickens to run on premises other than her own on the morning of March 20 in violation of city ordinance 342, generally termed the "nuisance" ordinance.

Prosecution of the case was handled by City Attorney Thomas A. Reynolds.

Police Officer John A. Rutledge testified that on March 20 he had found chickens at large in the vicinity of Miss Davis' home. He said he had informed Miss Davis and she had said she was not aware that they were loose.

Rutledge said he assisted her in returning the fowl from the property of Merritt Thompson, 126 West Grandview.

Miss Davis, denying that she had seen chickens on the Thompson property, maintained that if any had been loose she was not aware of it.

In short summation of the case, Mr. Kearney questioned the contention that Miss Davis had "permitted" the chickens to run at large if she had had no knowledge of their actions.

City Attorney Reynolds based the State's case against the defendant on Officer Rutledge's testimony that the chickens had been at large on the morning the complaint was filed.

The jury deliberated more than two hours before returning the "not guilty" verdict.

Jurors were Richard Jensen, Francis Eakman, Frank Spencer, P. R. Penn, Thomas W. Neale, Stanley A. Brown, Shelby Cowart, John H. Osgood, P. L. Bonebrake, Harry Lange, Clarence H. Sandage and Tom Schwartz.

At the close of the trial Judge Eaton commended the jury for its intelligence, both attorneys congratulated the judge on his court procedure, Miss Davis thanked the jurors for their decision and peace descended temporarily on Sierra Madre.

He will spend some time in the East on plant inspection trips in the interest of the Sierra Madre company and will also visit his former home in Steubenville, Ohio.

QUEEN CONTESTANTS FOR LIONS' PIONEER DAYS

The Queens Club, which inaugurated the three-day celebration, has announced that "carnival spirit" will prevail on May 30, 31, and June 1. Locale of the event is to be the grounds east of the Woman's Clubhouse. A barbecue dinner, teen age dance and an all-star vaudeville show have been scheduled for the affair.

Ceramic Engineer to Attend National Meet on East Coast

Willard F. Mooney, ceramic engineer at the Marsh-Fairchild Suman Pottery leaves tomorrow via air for Atlantic City, N. J., to attend the National Convention of the American Ceramic Society of which he is a member. Mr. Mooney is also a member of the Institute of Ceramic Engineers which will meet at the same time.

He will spend some time in the East on plant inspection trips in the interest of the Sierra Madre company and will also visit his former home in Steubenville, Ohio.

Bruce McGill Receives Honorary Membership

Bruce McGill is the same magnanimous personality whether he lives in beautiful Sierra Madre or out on the desert. Last week he was made an honorary member of the Future Farmers of America Chapter at Lancaster. This is a National club for the young people interested in farming.

It seems that Mr. McGill provided a perpetual fund for the Lancaster club to buy stock and the first purchase by one of the club members won first place recently at the State Stock Show.

H. G. LIVEZEY PASSES AWAY AT HOSPITAL

H. G. Livezey of 538 West Alegria, Navy Veteran of World War I, passed away early yesterday morning at the Birmingham Regional Hospital. Mr. Livezey, born in Philadelphia, was identified with Eastern literary circles. He was curator at the Walt Whitman Foundation at Camden, New Jersey, four years before coming to Sierra Madre where he has lived the past 14 years.

His continued ill health, due to injuries received in World War I, took a sudden turn for the worse and he was removed to the Birmingham Regional Hospital.

He is survived by his widow, Mrs. Ina Sedgeman Livezey and a son, Peter, at the Alegria address. Due to his expressed wish no funeral will be held. His many friends lose an unselfish person, concerned with the welfare of others. This spirit characterized his last wish which was the bequeathing of the corner of both eyes to give sight to another veteran, otherwise condemned to blindness.

John R. Quinn Main Speaker C. of C. Dinner

John R. Quinn, county assessor, addressed a group of 80 members and guests of the Chamber of Commerce at the banquet last Wednesday night at the Woman's Clubhouse.

Mr. Quinn explained the mechanics involved in compiling tax assessments, stressing the fact that tax assessors are required only to appraise property and are not responsible for setting of the tax rate.

The community dinner, sponsored by the Chamber as a closing feature of the Wistaria Fete, was presided over by Judge Noren Eaton. Tom Schwartz was program chairman of the evening.

Following the address, the meeting was devoted to a question and answer period on matters pertaining to tax assessments.

Mrs. Doyland Nominated As Club Head

Mrs. R. A. Doyland of 118 East Highland has been named by the nominating committee of the Sierra Madre Woman's Club

to fill the presidency for the forthcoming year.

Mrs. Ora Olsen is the outgoing president.

As sole nominee, which is tantamount to election, Mrs. Doyland would add another activity to a long list of community services during previous years.

Prior to establishing residence here a year and a half ago for her husband's health, Mrs. Doyland was active in Community Chest, Red Cross and PTA in Los Angeles and Bakersfield.

She was a member of the Kern County Board of Education for two years, being the first lay person to serve in that capacity.

She was membership chairman of the 10th District (Los Angeles) of P.T.A., and held the same post with the California Congress of Parents and Teachers.

During the war Mrs. Doyland worked a regular shift at the plane observation station in Bakersfield.

Nominations for other officers of the Club were as follows: Mrs. Edward Wilcox, 1st vice-president; Mrs. W. Gildersleeve, 2nd vice-president; Mrs. C. L. Davidson treasurer; Mrs. W. F. Rhodes, corresponding secretary; Mrs. Eugene Lunsford, recording secretary.

Four members nominated for the Board of Directors include Mrs. A. G. Bonn, Mrs. A. S. Miller, Mrs. Percy Kortkamp and Mrs. Etta LeGuin.

Elections will be held Tuesday.

TOP HONORS GO TO THREE BOY SCOUTS AT COURT

THREE GOOD SCOUTS and pleased parents took the stage Monday night at the annual Court of Awards of the Boy Scouts of America. Left to right: Mrs. Henrietta Hinkley, Ray Hinkley who received the Explorer Ranger Award; Mrs. S. J. Floyd, Mr. Floyd, Calvin Floyd who received the Eagle Scout Award; Fire Chief Jim Hensley, Loren Hensley, who received the Eagle Scout Award; and Mrs. Hensley.

With the awarding of three top honors and the launching of a Sea Scout Ship, the annual Boy Scout Court of Awards went off Monday evening as the most successful and best-attended Court in the history of Sierra Madre Scouting.

Held in the School auditorium the ceremonies were opened with call to colors, Pledge of Allegiance led by Troop 3 and an invocation by Rev. Carl Smith.

Edward Davey, chairman of the Court of Honor, summoned Troops 1, 2, 3 and 4 and Explorer Post 103 to the stage for awards.

Outstanding awards were: Eagle Scout to Calvin Floyd and Loren Hensley; Explorer Ranger to Ray Hinkley; Star Scout to John Claus; 35-year Veteran to Mr. Davey and Gold Eagle Palm to George Dane, skipper of Arcadia's Sea Scout Ship, directed by the launching of the new unit.

At the conclusion of the Court a reception was tendered by the Woman's Club.

Pass the arnica, please, and listen to the wondrous tale of the two-day encampment of 61 Sierra Madre Girl Scouts, Brownies and leaders at Griffith Park Girls' Camp.

It cannot properly be said that the leaders camped—poised rather, with one ear on the pillow (what pillow?) and the other ear out for the whisper, giggle and sneeze that sounded in regular rotation through the stilly nights.)

Planned by the Girl Scout Council and ably executed by Camp Chairman, Mrs. Patricia Crowell, the caravan took off from the school grounds Friday afternoon with Scout parents pressed into service for transportation.

Prominent among those pressed were Mrs. Noren Eaton, Mrs. Harold Spears, Mrs. Haley, Mrs. Myrtle Randolph, Mrs. Curtis Vien, and Scout fathers: Harry Lange and George Schultz. Judge Eaton reserved his strength for the return trip.

The Sierra Madre contingent scarcely had landed at the mountain-side camp when 130 Arcadia Scouts and leaders arrived, via bus, and the week-end commenced with an exuberant evening meal, campfire and then to bed, theoretically.

From the lodge at the base of the camp, the mountain sounded like an aviary of jungle birds. Flitting up and down the trails in assorted evening attire went the leaders, chirping, "Shhh" and "Quiet!" and

inally. "Girls, if there is another sound out of you—!" Dawn cracked early and Scouts convened for breakfast singing, and then off for a hike. With leaders interspersed at regular intervals, the long line of girls picked their way over the mountain and down the other side to the Griffith Park Zoo. Then back to camp for lunch, rest and handicraft.

Food intake over the week-end was wonderful to behold. Platters of meat loaf, bowls of mashed potatoes, beans, salad were cleaned in the wink of an eye and milk disappeared by the gallon—54 gallons to be exact. After meals, with some audible groaning, the K. P.'s went on scheduled duty and order was restored.

Sierra Madre leaders who participated with the girls in every activity (except sleeping) were Mrs. Crowell, Mrs. Walter Nollac, Mrs. Ruth Rogers, Mrs. Jan Mallery, Mrs. George Bouvier and Mrs. Marjorie Barter.

The final event, Saturday night's campfire, was led by Ann Woolf, personality-plus director of the entire camp. It was a night not to be forgotten soon by campers.

To sit under a dark sky, around a blazing fire—to sing old rounds and giggle at stunts—and, at the last, to stand and sing Taps into the mountain silence—those are the things that, after the blisters have healed, Scouts and leaders will long recall.

City Included in 5-City Hospital Organization Plan

R. C. Lewis Appointed To Form Organization Plans

New Officers Civic Club Announced

A new slate of officers, headed by Mrs. Gay Bettencourt, as president, was elected at a meeting last week of the Sierra Madre Civic Club.

Mrs. Alta Butler was elected 1st vice president; Mrs. Ann Tyler, 2nd vice-president; Mrs. Marjorie Green, corresponding secretary; Mrs. Evelyn Berkshire, recording secretary; Mrs. Dorothy Murphy, treasurer, and Mrs. Irene McClellan, annual auditor.

Mrs. Bettencourt appointed Mrs. Pat Toms as Toy Loan chairman, her term to run from April 1 to March 31, coinciding with the fiscal year of the County Toy Loan Board.

Other committee appointments will be made later.

Mrs. Tyler, chairman of the Cancer Control Drive, announced partial proceeds of \$177.62.

Mrs. Nancy Boele was elected to membership.

Changes on Club by-laws were accepted and plans for a desert-bridge and a rummage sale were discussed.

Recreation Group Meeting Awaits Chairman's Recovery

The regular Monday meeting of the Recreation Commission has been postponed until Friday because of the sudden trip to surgery for Chairman Mrs. J. Stadden Miller.

Mrs. Miller is now recuperating from an appendectomy and the meeting will be held at her home on Alegria.

The Commission will undertake study of budgets of all youth organizations that derive funds from the Kiwanis-sponsored Community Fund Drive.

Promotions For Campfire At Council

Five groups of Sierra Madre Campfire Girls and Bluebirds were represented Sunday at the Grand Council Fire for the entire area at Camp Chaquitta, the forty-five acre grounds in Altadena.

Annual promotions into the Ranks of Achievement were earned by several local girls. Those who passed the highest, or Torch Bearer Rank, were Dorothy Oakley and Joan Young.

Mary Jane Stone passed the third, or Firemaker, Rank. The second, or Woodgatherer Rank, was passed by Diane Armstrong, June Borbas, Bette Cook and Marian Oakley.

Several group members received the service honor for such acts as caring for children during church service or PTA meetings; or making of favors and scrapbooks for hospital distribution.

Others received the Birthday Honor which this year was "Going Places" in actual trips to the San Diego Zoo, Huntington Library and Exposition Park.

Mrs. C. Lauren Maltby, Community chairman for Campfire, and Mrs. Ora Olsen, Woman's Club president, were guests of the Council and girls were accompanied by leaders and parents.

Installation Service Friday Night for New Bethany Pastor

A service of installation for the Rev. Clarence R. Nida, former U.S. Army Chaplain and new pastor of Bethany Church will be held Friday evening April 18th at 7:30 in the church.

The Rev. Stanley P. Allen will give the charge to the pastor, while the Rev. Floyd Boice, D.D., of the Los Angeles Baptist Seminary will present the charge to the church. Others taking

R. C. Lewis, president of the Bank of Sierra Madre, and A. T. Case, Monrovia industrialist, have been appointed as a committee to start preliminary organization plans for an area hospital to serve Sierra Madre, Arcadia, Monrovia, Duarte and Temple City.

Leo Meeker, permanent chairman of the hospital committee, made the appointments last week at a meeting in Monrovia of representatives of the five cities. A decision was reached to organize the group with the purpose of building a hospital in the area in the shortest possible time.

Background for the purposeful move lies in the report of James A. Hamilton, who has headed the United Hospital Fund of Los Angeles County in making a survey of the need of the area.

"Unless something significant is done to correct the hospital situation, your community is in danger of becoming known as a dangerous place to live," Mr. Hamilton reported. "A resident will not have available and accessible opportunities for hospital care which would be secured more readily in many other parts of the country."

Final report of Mr. Hamilton's survey will be made at a noon meeting April 29 at the Ambassador Hotel in Los Angeles.

Mr. Case in a statement made yesterday, said, "We do not have to wait for the survey to tell us that the area of five communities is in desperate need of hospital facilities."

"We need only to be reminded that between St. Luke Hospital in Pasadena and the hospital in Covina, there are but twenty beds in the Monrovia Hospital."

Two representatives from each of the five communities will serve with Mr. Meeker toward fulfillment of the hospital building program. They include: Mr. Lewis and Dr. Nathan Jacobs from Sierra Madre; Albert Perkins and R. M. Dickinson from Arcadia; W. C. Atkinson and J. E. Meskell from Duarte; Mr. Case and William Ainley, Monrovia; Lee Hill and Godfrey Lumsden, Temple City.

General plans for the organization call for close co-operation with local hospital organizations in the various communities and for the hiring of trained personnel to conduct a drive for building funds.

Committees are being formed to investigate potential locations and to study the matter of required number of beds.

NICE TRICK IF THEY CAN DO IT!

That was no rocket plane! Madame, That was the 1:24 Pacific Electric train on which Sierra Madreans fly backwards through the air with the greatest of ease.

According to the new schedule effective last week the Pacific Electric Company makes public what probably is the fastest train service anywhere on earth. And may be a couple of planets.

Leaving Los Angeles at 1:24, the special car arrives in Sierra Madre with atomic abruptness at 1:20—four minutes earlier than it took off.

How the trick is done remains to secret. On attempting to interview P. E. officials, the NEWS received only a blush for reply.

Fire permit wanted. . . Patrolmen asked to watch over building materials about new house. . . A dog killed by a hit-and-run driver. Such heartlessness usually "backs up on ya." . . A local youth loses parts from his car while parked in Arcadia. . . A pet cat is lost. They usually come back. At least the old song said, "And the Cat Came Back!"

Locals have an auto accident just outside the city limits. Slight injuries. . . Jack Rutledge (our handsome one) was unable to locate the hammering and pounding reported to him in the high northeast section. The guy must have gotten tired. . . Two boys from up Woodland Drive were enjoying throwing rocks, when a neighbor objected to them strewing the road with the stones. They were just cleaning the last one from the pavement when the police got there. . . Another dog killed by a car. . . Driver stopped. This should remind us that we must be on the ball all the time for dogs, chickens, horses and, by all means, children. Accidents will occur, but vigilance will prevent many. . . Lost purse. . . A truck parked on private property is maliciously tampered with by vandals. Such asinine destruction as puncturing holes through the lids of instruments, breaking the glass on the dashboards, tearing wires loose and throwing parts in the dirt would indicate the work of very young persons or close to a moron. . . LOST purse. . . Petty theft. Articles and money missing from house. . . Lost wrist watch. . . Found license plate. . . Purse returned, but without the money. Complications have set in. . . A loud radio in a car. This complaint has been losing out. . . Tree limb down and resting on wires. This is a common complaint during a windstorm.

A man who has been notified and notified of a two dollar bail due will have to be brot into Court and involve much trouble and expense to himself. "A man and woman fighting." This is getting too much for our quiet little village. . . "Barking Dog!" Well, what do ya know. We almost covered the whole week without this. . . Barking dog! . . . And here is another right next to the other one. Officer Rutledge said that these two dogs were barking at each other and there was no one home but the dogs at either place. When they saw him, they only barked the louder. . . When the local Bank alarm sounded at the late hour of 10:29 p. m. even A. E. Morgan from way up North Sunnyside way heard it and became alarmed too. The coppers had already heard it when he called by phone. As near as can be learned, the alarm was caused by a short circuit. At any rate the money was still there.

Playing Badminton into the late hours is not so pleasant for the adjoining neighbors. The cops look into the matter. . . An "almost fight" in the near downtown area. . . Noisy boys! (I've got three of 'em. And do they make ya mad sometimes.) . . Someone reported burning garbage in an incinerator. . . Our traffic load is getting bigger and bigger. What will it be when those who are unable to get cars, get new ones. The rush hours appear to be in the early evening. We had better try and remember that at this

New Game In
Preview Sat.

"The Recreation Commission of Sierra Madre invites all citizens to witness the first public demonstration of RINGO, America's newest outdoor game, on the South lawn of city park, Saturday afternoon, April 29th. (weather permitting).

After a thorough investigation the Commission has decided, as a public service, to offer this fine pastime to the community, confident it will furnish outdoor enjoyment to many, especially women and children, who find other games too strenuous.

Since Ringo was originated and is being produced by one of our fellow townsmen, it is most fitting that the first public showing should be in Sierra Madre. Those who have already seen and played the game, without exception liked it, and are of the opinion that it is destined for national acceptance, and will become a standard outdoor sport.

Ringo truly is a family game to be enjoyed by folks from 8 to 80, guaranteeing new fun, healthful exercise plus friendly competition, giving all the body muscles a good workout, involving walking, throwing and bending, all without over taxing the player.

While ideal for public playgrounds and schools, the chief beneficiaries will be those thousands who lack the necessary yard room at home to install a tennis or badminton court, or croquet, in fact most available outdoor equipment, entailing no special paving or ground preparation. Another prohibitive factor is cost and upkeep. Ringo jumps all these hurdles because only 16½ feet are necessary, no ground preparing, (just put 6 posts in the lawn), no upkeep and only a modest investment.

Ringo may be taken along on vacation, to the beach or mountains. Last but not least sets soon will be obtainable so that the game may be played indoors; in playrooms and on patios. A simple portable device, easily assembled, holds the posts in position, and can be used wherever it isn't possible to make ground installation.

The Recreation Commission hopes Sierra Madreans will take advantage of this brand new pastime and through its use find a way to better health and greater pleasure. Remember—"The whole family plays RINGO."

Letter From Italy Thanks Local Couple For Clothing Gift

Mr. and Mrs. Sewall Clark of East Grandview are in receipt of a very grateful letter from a young widow at Palermo, Italy. Last fall the Clarks gave some clothing in the big drive for European relief and in the jacket Mrs. Tarantino Angela discovered their address and wrote a very gracious thanks and also told of the extreme need of herself and two children, 6 and 5 years old. Her husband was killed in patrol duty August 5th, 1943. To date she has received no pension from the government and living is very high and conditions very bad. She is 27 years old. She says they need clothing and socks. "I beg you, if you can send something."

A handy remedy for corrosion at battery terminals is baking soda from the pantry. A sprinkling of the soda on the corroded part, followed by a little water, will rid the connection of the corrosion.

County Educators Meet in S. M. School To Plan Fall Work

Representatives of some ten surrounding school districts met with Mrs. Howardine Hoffman, director of elementary education of Los Angeles County at the Sierra Madre school Thursday morning to map plans for the Teachers' Institute to be held in the fall.

Other members of the county office attending were Mrs. Barbara Byington and Dr. Kathryn Burkhardt, of elementary education and Mrs. Faith Smither and Thomas Smith of the division of research. Mrs. Vivian Olson represented the local faculty.

LETTERS TO EDITOR

"I wonder if parents of teenagers are aware of a situation which I saw while walking about Balboa Beach mainland and the two islands Saturday night in company with a resident property owner. I found hundreds of teenagers literally in possession of the beach city. Few adults were on the streets.

The Saturday night throng of youngsters was not unusual, I was told. Many of these young people, who swarm the beach on week-ends or holidays, are affiliated with Pasadena fraternities, sororities or clubs and have proper places to stay, but many others sleep in cars or roam the streets all night. I saw very young girls wandering alone at midnight carrying small overnight bags and bottles of spirits.

Property owners are not happy about this situation and feel the parents of young children should be informed. Perhaps this letter printed in your paper.

BALLING BABY TALK
BY MAXINE BALLING

THE EARTHQUAKE last week reminded me that I should say something about the new collapsible baby cribs that just arrived at the Balling Baby Shop. Not that they will fall down... but they fold up into about the size of a suitcase, and there's a handle to carry it like a suitcase. The whole thing weighs seventeen pounds, including the mattress. It's about four inches shorter than the standard size crib, which makes it nice for small quarters. It's just the ticket to take on a trip in the car, or over to Grandma's when you leave the baby there for her to spoil... or even to the beach, for the legs fold under, making a play pen. The crib is 17.95 and the mattress is 3.95.

MAYBE CONGRESS DIDN'T fortify Guam before the war, but when Mrs. Ackley goes to Guam, SHE goes PREPARED! To begin with, she has quite an assortment of boys and girls, and she was buying things last week to take to Guam, where her husband is stationed. I knew she would need quite a few things like socks. BUT... when she picked out a few in this size and a few in that size, until she had a pile of 65 PAIRS, I knew I had a big deal on... like selling to the Navy. The moral of the story is that no matter how small or large your needs are, the Balling Baby Shop can take care of them, even though it is just a cute little store 22 feet wide.

Did we sell BATHING SUITS last week! Seems like everybody in Monrovia, Arcadia, Sierra Madre, San Gabriel and Azusa was going to the beach. But, socks or bathing suits, the Balling Baby Shop delivers the goods. And we still have plenty... bathing suits for girls, small or large up to size 14, 4.95 to 7.95... "boxer" trunks for boys (yes, bright colors), 1.95... lastest swim trunks 1.95... all kinds of sun suits from 1.75 up... and nice terry cloth robes 5.95.

AND Baby Oil... Mennen's or Johnson & Johnson. It's supposed to be for babies, but you see a lot of it going on the red shoulders of sixteen-year-old babies... and their mothers... down at Balboa. In fact if the demand continues to increase we'll just have to put a tank under the store and a pump in front and sell it like the filling stations do. Anyway the customers get what they want at the Balling Baby Shop, which is located at 401 1/2 South Myrtle Avenue, in Monrovia.

Library Board Addresses Kiwanis Club

Members of the Board of Directors of the Public Library were guests of Kiwanis Tuesday noon to describe the inner workings of the bibliothecal center.

Miss Martha C. Pritchard briefly outlined the founding and development of the Library; Dr. Fred Whitney revealed statistics on circulation and Miss Lulu Moore, Librarian, told of the human side of working with books and people.

Mrs. Edith Bowen and Dr. Raymond C. Simpson also were guests.

Kiwanis' plans are progressing for their Community Fund Drive to begin about May 1.

FIRE FLAMES

If we escape a fire during the present dry and windy spell, the sigh of relief will be more like a collapse. Thanks to the mighty good thoughtfulness of our citizens, there has been no one who has been found guilty of outdoor burning during the dry winds. Because of such help in this constant fire prevention drive, we can proclaim success and thanks. If we but examine the records of fires throughout the country, we will realize our good fortune here.

We have many hazards that are just as precarious (if not more so) as some of the cities, large and small, that have big fire losses. We can't be lucky all the time. We CAN be careful and that's not luck. So if our low fire loss continues in the future as in the past, it will surely indicate carefulness, co-operation and thinking of our neighbors. (This part of the speech is being written while the weather is hot and dry. Perhaps by the time of press, we may have had that rain predicted by his nibs.)

The fellows of the fire department had quite a time at their drill last week. The contest continues and despite loud howlings and objections by a few, there is great improvement in the work. As to the winner there is still much doubt. Norris' team again carried away the honors for the evening under many objections of the Udel outfit.

When the final decision is reached, it might be a good idea for the judges to stand their distance from the losers. Fortunately for the timekeepers (Joe and Jim) the noise of the rosiest (in the persons of Clark and Spears) is divided. One on each team. There'll be noise at any rate. "Fat Boy" Morse is innocently inducted into the fray of this turmoil-producing team and because he has a choice of seat in the room, he is without a choice. His choice is the choice of the others. He had to move.

The gathering was much surprised when it learned that in order to elect their Queen of the Pioneer Days, the firemen must first get out and sell tickets. After having sort of agreed to sell no other tickets than the famous Christmas Dance and Card Party tickets, it is really going to be tough.

However some of the men, and perhaps most of 'em, are going to try. After having Carolyn Johnson agree to become our contestant, we CAN'T let her down. We want our friends who buy tickets to the "Pioneer Days" barbecue and such, to please buy them from a fireman. Your kind help will be very greatly appreciated. Thank you. In order that our entrant wins the Queen contest, she must sell the most tickets and we are expected to assist her. Look out for a fireman!

The local Fire Department has been invited to participate in the coming "Monrovia Day" parade which occurs soon. A committee is at work and plans are being formed to enter. Some will well remember our last entrant in this neighboring city parade. It is not yet certain as to the type of entry that will be made this year.

A letter from Norm Jensen was read of the forming of another Forest Fire Fighting Unit similar to that one so popular during the war period. It will be organized here as well as in other foothill areas. The local fire department expects to take active part where the organization does not take firemen away from the city and city duty. Such a fire fighting organization is a valuable asset to the community and the saving of the forests.

The dry spell should well remind us of the danger of fire so we might just as well skip that old one about how dangerous it is to light an open fire in the wind among dry grass and how thoughtless it is to toss a burning cigarette or match among some dry weeds and how careless it is to go away and leave a simmering outdoor fire with even the slightest spark emerging from it. We all know that, so what da heck do we need to mention it for. If we don't get some rain soon, we'll have to be doin' a lot of watchin' out in order to keep the FIRES OUT.

Cancer kills one out of every eight persons.

P.T.A. Panel Will Discuss Legislation

State Senator Tenney's proposed education bills will be the subject of a panel discussion to be held at the regular meeting of the P.T.A. on Thursday, April 24th, at 7:45 in the school auditorium.

These bills, if passed, would effect great changes in school curricula and would abolish the independence of school boards in arranging courses of study, according to the P.T.A. Legislation Committee.

Among other things, the bills would prohibit the teaching of sociology, political psychology, economics, foreign trade and foreign affairs in classes below the 11th grade, would prohibit the combining of history and geography with any other subjects, and ban social studies, sex education and the discussion of controversial subjects from the schools. Whether or not these bills are passed is of great importance, and the Committee urged that parents understand and discuss the bills in order to decide what is best for the education of their children.

That both sides of the question may be aired, the legislation committee has invited Senator Tenney to take part in the panel or to send a representative, with educators and others opposing. Names of those taking part will be announced later.

In the meantime, parents are urged to save the date and to plan on attending the meeting. Questions and discussion from the floor will be welcomed.

Election of officers will also be held at this time.

Better be safe than sorry.

Bridge Luncheon and Style Show Planned By Eastern Star

Mrs. Thom Miller, Jr., announces that everything is ready for the Spring Luncheon and Style Show given by the Eastern Star Friday the 25th. Bridge will follow the luncheon.

The highlight of the event will be the Style Show presented by the Gini's Shoppe of Arcadia, with models selected from the Eastern Star. The Gini's Store is owned by Sierra Madre people, Mr. and Mrs. Carl Brothers of 621 Alta Vista.

Assisting Mrs. Miller and her committee is Mrs. Boyd Keith in charge of reservations.

Former Canyon Grocer Passes Away Monday

Anton Nicholas Iffrig of 525 Woodland Drive, passed away Monday following a lingering illness. He had been a resident of the community 18 years and was the owner of the Canyon Grocery until last summer. He is survived by a son, Marcelus J. Iffrig of the above address and a daughter, Mrs. Maria Lincoln of Los Angeles.

He was born in St. Peters, Mo., in 1869. The funeral was yesterday at the Grant Chapel, with Rev. Carl Smith officiating. Entombment was at Mountain View Mausoleum.

MUSIC FESTIVAL WILL OPEN IN PASADENA

More than 2600 young musicians will join in the 12th annual Pasadena Spring Music Festival which will open April 20, at 3 p. m., at Pasadena Civic Auditorium with a concert by the famed Pasadena Boys Choir under direction of John Henry Lyons.

There will be 14 other events in the Music Festival which concludes June 1. All concerts are free.

PTA District Meet Attended By Local Group

Twelve delegates from the Sierra Madre Parent Teacher Association are attending the convention of First District, California Congress of Parents and Teachers at Compton today. The theme of the convention will be "The Parent Teacher Freeway", with an address by Mrs. Leroy H. Bailey, Los Angeles, international relations chairman of California Congress.

Other features include a legislation quiz, a symposium showing "First District Progress Along the Parent Teacher Freeway", election and installation of officers of First District, and presentation of association goal awards.

Delegates to the convention will include representatives from 341 parent-teacher associations in Los Angeles County (with the exception of the metropolis).

Those attending from Sierra Madre are: Mesdames Gordon McMillan, Robert Summers, Nathan Jacobs, Paul Carter, C. L. Young, John Porter, Ray Tarup, Don Wells, Joseph Worthington, Donald Metzger, H. E. Haymaker and Joseph MacKinnon.

MISS LOUISE EMMETT BECOMES BRIDE OF SAN GABRIEL MAN

An impressive weekend marriage was that of Marie Louise Emmett and John T. Knobel Saturday evening at the Grace

MRS. JOHN T. KNOBEL

Lutheran Chapel in Los Angeles.

The bride, daughter of Mr. and Mrs. Eugene Emmett of 222 W. Highland Ave., was attired in a gown of pale gleam white satin. A Juliet cap etched in seed pearls held the bridal veil. Her flowers were white roses and lily-of-the-valley.

Mrs. Betty Schahn of Sierra Madre was her sister's matron of honor and wore a gown of yellow with layered, buffant skirt of starched net over taffeta. Her headpiece was a Nile green sweetheart halo and she carried a shower bouquet of Talisman roses.

The bridegroom, son of Mrs. Emma J. Knobel of San Gabriel was attended by his brother, Clifford R. Knobel. Following a honeymoon at Palm Springs

the young people will be at home in San Gabriel where Mr. Knobel is an executive with the Utter-McKinley Mortuaries.

Before her marriage Mrs. Knobel was Assistant Supervisor in the Naval Purchasing Office in Los Angeles. She has been an active alumna member of Sigma Phi Gamma Sorority of the San Diego College which she attended.

First Luncheon Of Series at Mrs. Keith's

Mrs. Boyd Keith recently entertained with a luncheon at her home, 326 East Sierra Madre Blvd., officially beginning a series of Spring luncheons to be given by local members of the Eastern Star.

White lilies and angels carried out the Easter motif in table decorations for the affair which honored Deputy Grand Matron Olive Fowler. Other guests were worthy Matron Mrs. Elsie Eaker, Mrs. Harvey Hickock and Mrs. Thomas Miller, Jr., line officers, and Mrs. John Meader, Mrs. Henry Korsmeier and Mrs. M. E. Hinton.

Baron Studio To Closed for Summer

The music studio of Lona Baron at 273 E. Algeria Ave. will be closed at the end of this month for the summer. The fall opening will feature ballet courses to include pre-school age children and creative dancing with a special teacher from Los Angeles. Group singing for children and a story hour will also be added to the regular piano courses.

Mrs. Baron will spend the summer in research work and in making studio improvements.

Farewell Tea For English Traveler

A farewell tea given last Thursday by Mrs. J. Andrew Hall, vice regent of John Ruskin chapter of Daughters of the British Empire, at her home, 611 W. Grandview Ave., honored Mrs. Lily Jones who left Tuesday for a visit with relatives in England.

Guests included members of the British organization, a group from the British Old People's Home here and friends who expressed their good wishes with appropriate gifts for the journey. In the group were the Misses Jennette Schafer and Ida Kirk of Pasadena; Mmes. Herbert Dowding, W. J. Miller, Alice Sedgman, Cecil Slater, Violet Goldthwaite, Barbara Bolland, Harvey Hickock, Frank Gregory, Charles R. Hallowell, and Carl H. Hobson; and the Misses Adele Richardson, Jean Grantham, Lalla Fagge, Anna Bruton and Agnes Crew.

Mr. and Mrs. Stephen Vopatek long-time residents of Sierra Madre, sold their home at 153 E. Highland avenue and moved April 9 to a rented house at 10923 Camarillo, North Hollywood. Mr. Hauer, of the Bureau of Power and Light, and Mrs. Hauer bought the Vopatek home and have deserted Alhambra for our fair city.

Girl Scout Troop 3 under the leadership of Mrs. Philip Woodworth, went to Chantry Flats last week and from there hiked to Camp LeRoy. Mrs. Dan Strite, Scout commissioner accompanied the group which included Beverly Stundin, Margo Woodworth, Nadine Gerther, Shirley Peterson, Joyce Thompson and Jean Polgreen.

DRAMATIC ARTS STUDIO GIVES SOCIAL EVENING

Miss Timberlake gave an informal evening party at the Studio of Dramatic Arts Thursday for the young people of the dance classes. Miss Timberlake plans to make similar occasions a part of studio social activities.

Mr. and Mrs. Louis Rondeau, West Carter, saw Mr. Rondeau's mother and sister, Mrs. Laura Rondeau and Mrs. May Laughlin, off on their return trip via train to Lynn, Massachusetts after enjoying a months visit with them. During that month the four spent a week in San Francisco seeing the sights and on their return here held a family dinner party in celebration of the 84th birthday of Mrs. Rondeau. The Louis Rondeaus moved to Sierra Madre last July from Lynn.

It is not always lack of oil or grease in steering units that makes steering hard, reports the National Automobile Club. Under-inflation of tires more often than under-lubrication is the cause.

PROFIT--NOT LOSS

For the present, the Upper Hastings Ranch is out of circulation. The promise or threat, as one saw fit to call it, of annexation of the area has blown over.

But that was no ill wind. On the honest assumption that negotiations were going forward for purchase of that land, the City Council began a conscientious study of the possibilities of annexation.

Water problems took first consideration and on that score City officials have accomplished more in one month than has been achieved in the past several months.

They have met with Arcadia officials. They have determined to work together to secure an additional allocation. They have agreed to share costs and water equally.

We need that water. We need it whether we contemplate annexation or not. The Conkling report so states in undeniable terms.

The acquisition of water may take a long time. But at least the project is rolling now. Before it was meandering along. Then the Council applied a shillelagh and results were immediate, progress good.

The school problem was explored. The uncompromising fact that the Elementary School is running one classroom behind in capacity was disclosed.

The answer to that may lie in redistricting; building of a new plant, or construction of additional buildings.

There will have to be decisions on that in the not-too-far future. The past month's survey has been a forewarning.

So we have gained in knowledge—gone ahead in action. Then it was better to have investigated annexation and lost—than never to have investigated at all.

It is a boy for the Olin C. Wilsons. Mr. Wilson Observatory, born April 7 at Huntington Memorial Hospital.

Mrs. S. M. McClelland of Pasadena is visiting Miss Thomasella Graham at her home, 317 N. Lima street.

Week-end guests of Mr. and Mrs. Kenneth E. Sturm at 395 Woodland Drive were Mr. and Mrs. T. J. Sturm of Pomona.

Mrs. Ada Menaugh of Vista was a week-end guest of Mrs. Bernadette Smith at 115 E. Laurel Avenue.

Doris Gilmore, 26 N. Baldwin Ave., was a week-end guest of Bess Wagner at Twentynine Palms.

The Thimble club will meet Friday with Mrs. LaVon Bunch at 550 Ramona Ave., for sewing and refreshments.

Mr. and Mrs. Thomas H. Mylott of Canyon Park were dinner guests of Mr. and Mrs. G. C. Richardson at 707 Woodland Drive on Saturday.

Recent luncheon guests of Mrs. Alice Sedgman, 34 North Hermosa Ave., were her niece, Mrs. John Noye, and Mr. Noye of Seattle.

Mr. and Mrs. W. H. Wiseman have sold their home at 652 Alta Vista Drive and have moved to their new residence at 648 Alta Vista Drive.

Mrs. James H. Cable, 265 San Gabriel Court, entertained 16 guests at luncheon Tuesday honoring Mrs. Albert H. Gavit of Gary, Indiana, and Mrs. Victor Buchanan of Minneapolis.

Guests of Mr. and Mrs. George Goldwater, 600 Woodland Drive, for a barbecue supper on Sunday were Mr. and Mrs. S. Green and children of West Los Angeles.

Joseph Worthington, 525 Brookside Lane, entered Park View Hospital Los Angeles Friday for major surgery. Mrs. Worthington reports him making a good recovery.

Mrs. Carolyn Kingsbury, an employee of the Cornet firm for the past eleven years, has been transferred from our local Cornet store, where she served as manager for a year and a half, to a similar position in Westwood Village. A nice promotion for Mrs. Kingsbury, who will be missed by her many friends here.

Notice of Special Meetings of Stockholders

SOUTHERN CALIFORNIA EDISON COMPANY LTD.

To the Stockholders of Southern California Edison Company Ltd.

(A) A special meeting of all stockholders of Southern California Edison Company Ltd., has been called by the Board of Directors to be held at the principal office of the Company, Edison Building, 601 West Fifth Street, Los Angeles, California, on Tuesday, May 6, 1947, at 9 o'clock A. M., for the purpose of considering and acting upon the proposal heretofore adopted by the Board of Directors, to amend Articles First, Fourth and Sixth of the Articles of Incorporation to read as set forth in the Company's Proxy Statement dated March 29, 1947.

(B) A special meeting of the holders of the Original Preferred Stock and Common Stock of Southern California Edison Company Ltd., has been called by the Board of Directors to be held at the principal office of the Company, Edison Building, 601 West Fifth Street, Los Angeles, California, on Tuesday, May 6, 1947, at 11 o'clock A. M., for the purpose of considering and acting upon the proposal heretofore adopted by the Board of Directors, to amend Articles First, Fourth and Sixth of the Articles of Incorporation to read as set forth in the Company's Proxy Statement dated March 29, 1947.

The principal purposes of the proposed amendments are: (a) to eliminate "Ltd." from the Company's name; (b) to make the Company's corporate existence perpetual; (c) to authorize two new classes of preferred stock to be designated respectively Cumulative Preferred Stock, comprising 6,000,000 shares of the par value of \$25 each, issuable in series, and Preference Stock, comprising 3,000,000 shares of the same par value, issuable in series, with authorization to the Board of Directors to determine the dividend rate, conversion rights, voting rights, redemption price and/or liquidation preferences of any wholly unissued series of either class of such stocks and to fix the number of shares constituting any unissued series; and (d) to increase the authorized amount of Common Stock from 4,100,000 shares to 8,000,000 shares.

The special meeting of the holders of Original Preferred Stock and Common Stock referred to in paragraph B will consider the proposal to amend the Articles of Incorporation only in the event that the vote of the holders of two-thirds of all the outstanding capital stock should not be obtained for the approval of such proposal at the special meeting of all stockholders referred to in paragraph A above, or at any adjournment thereof. If the required two-thirds vote is obtained at the meeting referred to in paragraph A, no business will be transacted at the second meeting.

The close of business April 21, 1947 is the record date for the determination of the stockholders entitled to notice of and to vote at the respective special meetings referred to above, and at any adjournment or adjournments thereof.

THE telephone industry finds itself today in the plight of Alice after she stepped through the looking glass . . . it has to run as fast as it can to stay where it is.

In spite of the fact that the industry as a whole installed nearly four million new telephones in 1946 it still has more applications than that to take care of. It is amazing how telephone usage has grown in the past few years. Faster than applications can be filled new ones rain in. It is really amazing.

And on top of that, existing service must be brought back to normal, which of course is still a primary job. However, we are happy to report that new equipment is arriving little by little and in due time we will be able to install new telephones at a normal rate.

Chinese Artists' Wit And
Skill Charm Arts Guild

BY CHARLES H. BRATTON

Sierra Madreans, outnumbered by 75 members of the China American Society of Pasadena, heard two celebrated Chinese artists trace the history of 1500 years of Chinese painting, illustrate the technique by painting two pictures on the spot, and explain the artist's intention in dozens of exhibited paintings, ancient and modern, at the Arts Guild meeting Friday night.

The artists, Prof. C. C. Wang, director of the Shanghai and Soochow Art Institute, and Mr. Phian Chang, director of the Shanghai Art Academy, were assisted by I. T. Chow, Los Angeles business man and connoisseur of art. They are at present devoting a year to travel and study.

"We want to understand the best of Western art, and help Americans understand ours," said Mr. Chang.

Prof. Wang first gave a brief history of Chinese painting, a panorama of a highly civilized society existing nearly nine centuries before America was discovered.

In the beginning, painting was primarily decorative, and tended to be an exact reproduction of actual scenes. During a slow evolution, the artist began to superimpose his own ideas and personality on the traditional subjects. Today, according to Professor Wang, the modern artists can be compared most fittingly with those of the Impressionistic school. Most pictures are similar to poems, an expression of an emotion or an idea. He points out that many painters are also poets in their own right.

Mr. Chang, during the informal conversations at the end of the meeting expressed his admiration for the color, composition, and drawing of Picasso, but confessed himself unable to understand the artist's purpose.

"Why" asked Mr. Chang, "Does he put an eye in the middle of the forehead?"

It is a question that few Americans profess to be able to answer.

Following the initial talk, Professor Wang and Mr. Chang each painted a picture with surprising speed, and with the exactness and delicacy that characterizes Chinese painting.

The balance of the evening was spent in informal discussion. The artists explained many of the paintings on display, answered questions, and passed reproductions of paintings by the old masters through the audience.

Of interest to the American mind was the fact that painting is a branch of handwriting. The Chinese write with the brush, and of necessity start as a child to learn the exact and sure touch necessary to write the Chinese characters. It is understandable that the gifted few who become painters have a

Local Phone
Service Not
Effectuated

Employees of the California Water & Telephone Company, which provides telephone service in this area, are not members of the labor organizations involved in the strike which started April 7, 1947. O. A. Prest, District Manager of the Company, announced. Therefore, Mr. Prest said local service within this area will not be affected by the strike and as we are not presently informed as to exactly what other areas will be affected, our operators will attempt to complete calls to all areas outside of our own exchange. However, Mr. Prest stated, when calls are placed to outside exchanges known to be affected by the strike, subscribers will be informed at the time of placing that such calls cannot be completed. We will endeavor to keep our subscribers advised of any changes in this situation Mr. Prest concluded.

NURSERY SCHOOL TALK
AT CONSENSO TEA

Dr. Gertrude Laws, Pasadena, will speak on the subject of nursery schools at the silver tea being given by Consenso April 25 for the benefit of the Community Nursery School. The time is from 3 'till 5 and the place is the Nursery School at the Congregational church, thus giving all who are interested, an opportunity to get acquainted with the school. Miss Pauline Gartzmann, director of Parent Education in Pasadena, also will be a guest.

GRAND CANYON

It is expected that the road to the North Rim of Grand Canyon will be open by May 1, reports National Automobile Club, although cafeteria and cabin accommodations will not be available until May 15.

perfection of touch that can be matched by few American painters.

Most of the paintings displayed were in black and gray. Colors when used were subdued. The artist ordinarily works with the paper or silk laid flat. The brush is held with about 6 inches of its length extending from the fingers. The favorite medium is water color, painted on silk, or less preferably, on paper.

Normally the completed picture is a narrow hanging panel or a scroll. Some of the scrolls are of great length, and are observed by unrolling them bit by bit, like reading a book, or as Prof. Wang expressed it, "passing through a landscape."

The exhibit attracting most interest was a silk scroll 650 years old, painted by the master Wang Ten Ping.

The evening was made possible by Dr. J. Earl Gossard, who arranged the visit through the Chinese Consul General at Los Angeles.
